**Note for Students:** Summer Holidays are a well deserved opportunity to relax and unwind by indulging in activities that are pleasurable at the same time educative. We would like to thank all of you for making online classes and virtual Assessment a success. It's a sincere request to all to complete holiday projects and home assignments on time. Engage yourself wholeheartedly as you will learn a lot through it. Practice your hobbies or inculcate new hobbies. Please ensure that you complete the assignment neatly.

**Note for Parents:** Summer Holidays Homework is an initiative on our part, to inculcate innovativeness, creativity and interest in the tasks assigned to our students. It will not only enable them to recapitulate what was taught but will also help them to connect themselves to the various learning processes.

**Dear Students, Amidst all the fun and frolic, let's twirl our fingers and mind for a bit of homework.**
